We typically do not sell vehicles of this age and mileage but we are very familiar with this BMW as it has been a company vehicle for the past several years and so we know it has been well maintained and cared for during that time so we know that it will make a great vehicle for someone! It is being sold as mileage "EXEMPT" and "Not Actual Mileage". It appears that the instrument cluster was changed out at some point. The dash shows approximately 90,617 miles, however the history report will show mileage of up to 161,876 miles. We have already reduced the price greatly to reflect the mileage and current condition which makes it a fantastic value for the next owner!

Additionally, to ensure this BMW 530xi xDrive AWD runs and drives perfectly, it has been inspected and is ready to be sold. The inspection process is very thorough, and all of the vehicle's systems, fluids, brakes, tires, suspension, engine, and drivetrain are gone through, so there are no surprises! If you have any questions or are considering trading in your current vehicle, please call anytime at (715) 833-2020.
