Drivetrain:	Rear Wheel Drive

Vehicle Description

1 family owned since new! Believed to be original 55k mile car. Local car since new. Appears to have some original paint with touchups including what appears to be spray can on the passenger quarter panel. Original 331 V8 engine runs well but would benefit from a tuneup. Automatic transmission shifts great. Original color combination of Fiesta Ivory exterior with Red interior and tan convertible top.

Seats were recovered in 1982 as well as a replacement convertible top. Original oil-bath air cleaner included. All dash gauges work except for the temperature gauge. Original AM radio works including the seek function. Recently recored radiator. The hydraulic pump was recently replaced with an aftermarket unit. Currently the power seat works forward. The windows all go up and down but the drivers side front is going down slowly. The convertible top goes down easily but is having trouble coming back up. We believe the hydraulic line junction under the rear seat needs to be rebuilt or at least cleaned.

Car starts great. Excellent cruising car including the freeway. Has been sitting for quite some time and would benefit from a tuneup. Idles a little rough when warm. Garage kept since new.
