Transmission:	5 Speed Tremec TKO
Mileage:	42,000
Drivetrain:	Rear Wheel Drive

Vehicle Description

Emerson Motorsports Touring Cobra. BMW dakar yellow with black vinyl interior. Approx. 400hp 351 Windsor engine with Tremec TKO 5 speed transmission. The Emerson Cobra's are known for their larger dimensions and lowered floor and footwell that allow taller drivers to more comfortably enjoy them.

This car also has some creature comforts not found in most replicas like a tilt wheel, fully functional heater and wipers. To help hold the heat in on the early morning cruises, this car has a custom built convertible top and side curtains with steel bows that breakdown and will easily fit in the trunk. There is also a tonneau cover as well. Another great feature is the trunk that is a bit larger than most and is completely open to the cockpit. There are 5 point racing harnesses to help hold you in.

11" 4 wheel disc brakes help with the stopping. Great looking 15" vintage style Torq-thrust rims with BF Goodrich tires. Rack and pinion steering. 4" sidepipes. Runs and drives excellent. Sounds incredible. Clean title and currently registered. The current owner has had the car approx. 17 years and has had many long road trips and is only selling because he is not using it as much as he used to.
