Vehicle Description

Just consigned by the family of the long time owner. Original color combination of medium yellow gold exterior with medium ginger interior. 351 Cleveland V8 engine with C6 automatic transmission. Power windows all work. Power steering and brakes. Factory A/C car (A/C currently inoperable but complete and connected). Factory AM/FM stereo works and has an added CD changer. Heater core has been bypassed. 106k miles are believed to be correct. Paint was done in the late 1980's and looks great with only a few minor blemishes.

No rust top or bottom that I can see and very straight with only a couple door dings. This California car runs and drives great. Undercarriage photos added. A walkaround and startup video has been added to the website.

Please call for business hours and vehicle availability as not all vehicles are on site.
