## Vehicle Description

We have for sale a beautiful 2014 BMW 535xi xDrive All-Wheel Drive executive level luxury sport sedan with just 29,529 miles on it! This 535xi looks phenomenal. It has gorgeous Callisto Gray Metallic exterior with tinted windows for a clean, private look and 19" V-Spoke wheels that give this 5-Series an incredible stance! This 535xi has so much to offer including options like LED headlights, soft-close doors, head-up display and the full Cold Weather package. We know that if you like how it looks in the pictures you will love it when you get to drive it!

- Voice-Activated Navigation System that is easy to use and gives you turn-by-turn directions which makes road trips and travelling in an unfamiliar city so much nicer. The center mounted LCD screen is bright and vivid like an HD-TV and the iDrive controller is very easy to use!
- Driver Assistance Package includes several great options like the Rear-View Camera that automatically activates when you shift into reverse. It gives you a clear view of what is behind you and the Park Distance Control uses front and rear parking sensors to warn you when get close to an object. They make parallel parking along a busy road much less stressful! This package also includes the Head-Up Display which shows your speed and other vehicle information at the base of the windshield so you never have to take your eyes off the road.
- Light Package includes amazing Adaptive LED Headlights with Automatic High-Beams. These lights are super bright with a crisp 'cut-off' that lights up your side of the road without blinding oncoming traffic. The adaptive lights actually angle to illuminate the road when going around a curve and adjust when going up a hill or down a slope! The automatic high beams will automatically switch to the low beams when an oncoming vehicle gets close.
- Premium Package has a number of great features including the Comfort Access which uses a proximity key that lets you keep the key in your pocket but still be able to lock/unlock and start/drive the car! It also includes "kick open" power trunk that opens when you swipe your foot under the rear bumper. Very convenient when you have your hands full!
- Cold Weather Package is a must-have for this part of the country. It includes heated front seats, heated rear seats and a heated steering wheel! If you've never had heated seats or especially the heated steering wheel you are in for a treat. They heat up fast and make a cold morning drive to work or class so much better!
- Driving Experience Control lets you select different chassis modes from "Sport" and "Comfort" so you can choose a ride that is firm and sporty for exceptional handling or comfort mode that absorbs all of the bumps and cracks in the road and lets you cruise in comfort.
- BMW Hi-Fi Sound System with AM/FM radio, Satellite radio, CD, USB and Aux inputs, Bluetooth streaming audio and 12 speakers throughout the car that give you incredible surround sound audio! It also has Bluetooth Interface for hands free calling!
- 300 Horsepower Turbocharged Inline 6-cylinder Engine w/sport and economy engine modes plus auto-shut off that stops the engine running when idling. This 535xi has an 8-Speed Transmission with Sport and Manual shift modes and of course the xDrive All-Wheel Drive system makes this a great car to drive year

round no matter what the weather or road conditions are!

To make sure this 535xi xDrive runs and drives perfectly, it has been fully inspected and certified to be sold. The inspection process is very thorough and all of the vehicle's systems, fluids, brakes, tires, suspension, engine and drivetrain are gone through so there are no surprises! If you have any questions or are considering trading in your current vehicle, please call anytime at (715) 833-2020.
