Condition:	Pre-Owned
Body:	Coupe
Exterior:	Burgundy
Engine:	340 ci
Interior:	Black
Transmission:	4 Speed Manual
Mileage:	0
Drivetrain:	Rear Wheel Drive

Rare Mexico built GTS. From the factory the Mexico built Dart GTS came with a 318 2bbl, round formula gauges with a speedometer in kilometers (owner added the tachometer), heater delete and front disc brakes. This particular car also came with the desirable 4 speed manual transmission. At some point in the past this car received a very strong running 1970 340 4 bbl engine. Power steering was added. Great sounding Pioneer AM/FM/CD/AUX/Bluetooth stereo was professionally installed in the glovebox with Rockford Fosgate speakers in the back..

The current owner bought the car approx 3 years ago and he did a nice show/driver restoration that comprised of show quality paint, rechromed bumpers & polished trim, and new glass and carpet. He added a black bumblebee stripe. He had the A833 4 speed transmission rebuilt and had inland shifter upgraded to a Hurst unit for improved shifting. Original Dana 44 rearend still in the car. Hotchkis steering kit and heavy duty sway bar added up front. New Powermaster starter.

The brakes were rebuilt including drums and rotors. The factory exhaust manifolds were upgraded to TTI headers for improved performance. He also added a full mandrel bent dual exhaust system that sounds excellent. Installed Hella Lighting H4 headlight conversion kit.

This Dart runs, drives and sounds excellent. Legally imported. Ready to go with a current registration and clean California title. This is a very rare Dart that almost assures you will not park next to another one at your next car show.
