Vehicle Description

Originally a green car that was painted plum crazy in 1993. Original matching #'s 383 4bbl with 4 speed transmission. Nice black interior with all gauges recently rebuilt and working great. New dash pad. Console recently restored. Factory air conditioning works great. Am radio works great. All lights work. All windows function as they should.

Engine runs good but would benefit from a tune up as the car has been in storage for some time. 4 speed shifts good. Power front disc brakes work good. 15" steel wheels with dog dish hubcaps and Polyglas GT tires.

There are some bubbles in the paint along the rockers and lower rear quarters (see pictures). Current owner bought the car in 1995 and states bubbles were there then and have not gotten worse. Original 3 owner California car. The first 2 owners were in Southern California and it was brought to Northern California when bought in 1995 by current owner. No rust in floorpans. Trunk has some pitting and very little surface rust, no holes at all.
