MONSTER!

This is one of the nicest and well-maintained older 450R's we have had the pleasure to have. This motorcycle is exceptional in mechanical and cosmetic aspects (for its age). This motorcycle actually belonged to a family member. He simply does not ride anymore. When he bought the motorcycle he had the local Honda Dealership rebuilt the top-half of the motor. It has probably been ridden 10 hours since the rebuild. Plain & Simple everything about this dirtbike is awesome. Someone is going to fulfill there need for power & speed...
