We've kept all the modern comforts where they belong-below the surface of a rad, vintage-looking bike. You get the classic lines of a vintage hardtail frame with the horizontal rear shocks hidden in the guts. It's a signature rigid look, and you'll only find it on a Softail model.Nostalgic Custom StyleDo laced wheels, you'd roll into Daytona Bike Week expecting new stories and new styles. There was really something going on, and it's still alive and well in this bike. Take the saddlebags, studded with style straight from that golden era, with hidden quick-detach buckles. Or the fenders-full and fluid, with chrome highlights and matching paint. Or that big, commanding 7-inch ball headlamp, cloisonné-and-chrome style and shows that Harley-Davidsonr Softail model heritage that runs in your blood. With a five-gallon capacity for long weekend cruising, we top off this tank with a nostalgic chrome cats-eye console, bold display for the odometer, along with an ancillary display for gear and rpm, offering up the information you need on the fly.Tombstone TaillightA vintage classic. The chrome, low profile taillight housing lays back against the fender but shines with Harley-Davidson history. Flanked by our sleek silver bullet turn signals, that glowing red gravestone is the last thing they'll see as you pull away into the night.Whitewall TiresOne of the defining styling features of the Softailr Delux model is the nostalgic wide whitewall tires with premium laced wheels. A nod to the '50s boulevard look, these fat rubber rollers are just the right throwback detail from Harley-Davidson that ups the ante in any scene. Total old-school styling without sacrificing handling or performance.Hard Candy CustomT PaintHard Candy CustomT is a large metal flake finish that's more than just paint job, it's a shining declaration of independence-bright, bold and unique. The Softail Deluxe is available in Hard Candy Cancun Blue Flake. Recalling the iconic rebel styling of '70s custom bikes, Hard Candy Custom marks another milestone in The Motor Company's legacy of innovation. We start with several passes of 200 micron flake over a silver base, then clear coat it, hand-lay and mask the pattern and apply the Candy color to allow the flake to shine through. Then more clear coat and hand striping to a deep smooth finish. It's a painstaking process that delivers a premium custom look straight from the factory, so you can start flying your colors with no waiting, no stripping or extra effort. - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -
