Pop it open, brighter Tour-Pakr lighting, brighter turn signals, brighter brake lights, as we've always done. As riders. Riding with other riders. Looking for the technology and innovations that truly make the ride better. We went over the bike fender tip to fender tip. Project RUSHMORE - ComfortWe dialed in the comfort of our machines the hard way: over thousands of miles in all kinds of riding conditions on every kind of street, road and highway ever laid down in pavement. Experienced riders putting in long hours in the saddle and giving us feedback on every aspect that contributes to comfort on the road.Project RUSHMORE - ConvenienceIf you want the ride to be truly epic, you have to sweat bullets to make the little things work exactly right. This is what Project RUSHMORE was all about. Now you have saddlebags that can be easily opened with one hand. Compartments that open with one touch. And we've increased the storage space on these new machines without ruining the sleek, road-eating look of the bike. - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -
