Vehicle Description

Originally a 318 "Gold Duster" now running a 1968 340 with 727 transmission and 8 3/4" rear. Original California car. The current owner is actually the 3rd and 5th owner. He owned the car from 1992-2001 and bought it back again in 2016. He had the engine built during his first owner ship. The engine is .030 over with a purple grind .484 cam, steel crank, custom heads with a Carter AVS carburetor. The 727 transmission was rebuilt 2 years ago as well as the front suspension. 8 3/4 rear with 3:23 rear gears. Front disc brakes with 11" drums in the rear. 2 1/2" exhaust with Magnaflow mufflers.

Working factory air conditioning. Factory power steering and brakes. Recent custom interior. Tuff steering wheel. Pioneer Supertuner with CD changer, amplifier and subwoofer. Original blue plate California car. Small spots of rust in trunk and passenger front floor. Older repaint in original color. 340 decals added. Only selling because he bought a new Challenger convertible and his wife says it must go.
