Our listing software provider allows the VIN to decode the ORIGINAL FACTORY EQUIPMENT that this vehicle had when it rolled off the factory line. There may not be additional dealer equipment that was added by the original selling dealer that will not be listed in this section. There may not also have items listed as original factory equipment that are no longer with the vehicle we are currently selling. For example: 2 sets of keys, keyless entry remotes, owner's manual, factory floor mats, Navigation discs, first aid kits, factory tires/size/load rating, etc. Please refer to the photos we have taken or ask us your specific concern to be certain there is no confusion. We will not be responsible for any discrepancies between the Original Factory Equipment section and what is presented in the photos or description. At our dealership we work very hard to accurately describe our vehicles through text descriptions and elaborate photos. We hand select each vehicle we put on eBay. The vehicle shown is ALWAYS the vehicle being sold. Please look over the photos carefully as they are part of the description. When you purchase any pre-owned vehicle it is not a new vehicle. Any pre-owned vehicle can/will have normal wear, which may include, but not limited to, rock chips, scratches, scuffs, and minor interior wear, our policy is to disclose anything beyond that and we encourage pre-purchase inspections. We will not be responsible for any discrepancies between the Original Factory Equipment section and what is presented in the photos or description. We will check for and disclose paint work found on any vehicle, but keep in mind - this is an imperfect science. Please bear in mind that often truck owners may choose to alter factory emissions and/or exhaust to enhance performance or fuel economy. We often do acquire trucks that have these performance enhancing equipment already installed. This equipment may alter original emissions equipment or void factory warranties. We do not test or alter this equipment. If this is a concern of
