The FIAT 500X Easy redefines the SUV and makes the perfect "all around" family companion. This FIAT 500X features AWD. That means power and control delivered to all four wheels for maximum grip and improved handling. Low, low mileage coupled with an exacting maintenance program make this vehicle a rare find. More information about the 2016 FIAT 500X: The Fiat 500X is pretty unique proposition for a crossover vehicle. Most crossovers are based on large sedans, but the 500X is more similar in size to a subcompact. As a result, the 500X is better on fuel and much easier to maneuver in the city. Parallel parking should be a snap with the 500X's relatively small wheelbase. Pricing for the 500X starts at about \$20,000 so in addition to being smaller than most other crossovers, it's much less expensive as well. Strengths of this model include cheeky styling, Small but practical, decent ground clearance, available all-wheel drive, and efficient drivetrains
