luxury SUV to drive in this part of the country. Under the hood is the smooth 3.0L Inline 6-Cylinder engine and an 8-Speed Automatic Transmission that makes this a very capable crossover and a fun BMW to drive!

Keyless Push-Button Start means you can start and drive the X3 without having to take the key out of your pocket! Just get in, press the "START" button and drive away! This is especially nice this time of the year because you can lock the vehicle and run into the store and take the key with you without having to shut the X3 off!

Large Rear Cargo Area with Split-Folding Rear Seats gives you plenty of space to haul your gear around and with it has the option to fold part or the entire rear seat flat to open up the back part of the SUV and haul your larger items.

Power Seats with Driver's Seat Memory means you can easily adjust the seats to the perfect driving position and with the memory function just press the button and the seat will return to the exact settings you set them at!

Rear Side-Window Sun Shades are especially nice if you have a child seat in the back seat as the sun shades will help block the harsh sun light from their faces! It also works great if you are using an iPad or smart phone and get glare from the sunlight on your screen.
