Contact Fiat of Albuquerque today for information on dozens of vehicles like this 2013 Chevrolet Volt . Your buying risks are reduced thanks to a CARFAX BuyBack Guarantee. You could spend more on fuel each month than on your vehicle payments, so why not consider one with exceptional fuel economy like this 2013 Chevrolet Volt. A Chevrolet with as few miles as this one is a rare find. This Volt was gently driven and it shows. More information about the 2013 Chevrolet Volt: The Chevy Volt is the first mass-produced, purpose-built, plug-in hybrid from a major manufacturer. The Volt is an electric car, so its batteries can be charged when it is plugged into an outlet, but the Volt also carries a small gasoline-powered engine on board to charge the batteries, should a longer range be required. The Volt was intended to include all the modern safety and convenience features expected from a 4-seat hatchback, and as a result, the MSRP of the Volt seems steep at \$39,995. However, some estimates have placed the cost-per-mile at only two cents. Volt buyers may be able to take advantage of federal and state tax credits as well, making this revolutionary car more affordable than its base price suggests. Strengths of this model include The latest in plug-in hybrid technology provides extreme fuel economy with few compromises in performance or features.
