The Ford Mustang Cobra is a legacy car in itself. With its racing heritage dating back to the 60's this one a kind true American muscle car is sure to turn plenty of heads. In 2003 Ford released the "Terminator" series of Cobras and there was no looking back! These Cobras featured a Supercharged 4.6L engine that instantly found itself on top of the horsepower races with the ws6's, SS's, and other competitors. This specific cobra features some performance mods (see below) letting the "competition" know this Cobra is nothing to play with and giving it that true modern muscle car sound! The Cobra isnt all about performance however. Along with performance comes drivability and comfort. The Cobra interior showcases leather and suede combo seating with leather wrapped door panels giving it that sleek, sporty, and luxury look. Seating is extremely comfortable. you could easily go cross country in this car! It's simple, you can't go wrong with this car!!!
