Navigation System with turn-by-turn directions that makes travelling in an unfamiliar city much less stressful. Plus, it has a Rear-View Camera with Park Distance Control (PDC) that activates automatically when you shift to reverse. It gives you a clear view of what is behind you and the Front/Rear Parking Sensors (PDC) show just how close to an object your bumpers are which makes parallel parking on a busy street so much easier!

Heated Steering Wheel, Heated Front Seats and Heated Rear Seats are all part of the Cold Weather Package! If you have never had an SUV with heated seats or especially the heated steering wheel, you are in for a treat! They heat up fast and make a cold morning commute to work or class so much better!
