With its sleek design, spacious cargo design, and its incredible battery range, don't miss your chance to own this 2014 Tesla Model S85! This is a local, one owner, perfect carfax, non-smokers Tesla that runs and drives perfect, and looks even better! I cannot over describe how brand new this one owner really is, it belonged to a single, older man here in town, it doesnt look like anyone has ever even sat in the back seat, seriously it is brand new, it is sitting on a great set of Michelin tires, these cars are extremely rare in my area, and i believe in other parts of the country these cars bring way more than i am asking for this one, please keep in mind this one has 85 kWh Battery, that is a \$10,000.00 option so make sure when comparing you make sure they have this, this is super important on these cars, this is longest distance battery available from Tesla, plus this one has lots of extra options also, i have all the books and manuals that came with it new, i have all the keys, and i even have the original window sticker were it listed new for \$88,720.00, and to be able to find a one owner, with a perfect carfax, this nice, this clean, this cheap is a deal, and keep in mind i dont charge anything extra, no doc or dealer fee's, nothing!

Please feel free to give me a call to further discuss your interest in this 2014 Tesla Model S85!
