WE FINANCE!

We are proud to offer you this 2011 Bagged BMW M3 with Many Upgrades for sale!

This modified 2011 BMW M3 is one of the most well-recognized European performance machines ever. Powered by a 4.0-liter V8 engine that produces a raw 414 horsepower and 295 lb-ft. of torque, this car is widely

recognized as a track-ready performance sedan known for its quick handling and huge output.

The power from this insane V8 is sent to the rear wheels through a seven-speed transmission, giving the car the flexibility to be driven smoothly and comfortably, as well as aggressively and quickly. This M3 has been fitted with 18" E39-style BMW M alloy wheels and finished in a deep Jerez Black Metallic. Paired with Airlift 3P bag suspension, a POM Performance GT4 front lip, Remus side skirts, and a POM Performance diffuser, this sporty sedan is a unique show build. The interior is no less exciting, either. Inside, the car has leather bucket seats, a leather "M" steering wheel, and a high-end sound system connected to an infotainment display that offers phone connectivity, Bluetooth, and navigation.
