This 2013 Harley-Davidson SPORTSTER FORTY-EIGHT XL1200X 48 FORTY-EIGHT XL1200X features a 1200cc cyl engine. The vehicle is Black with a Black interior. It is offered As-Is, extended warranty is available. - 2013 HARLEY-DAVIDSON SPORTSTER FORTY-EIGHT XL1200X 48 Vance and Hines Pipes, Heavy Breather Air Intake, Low Miles - This Harley-Davidson is in Excellent overall exterior condition - 2013 Harley-Davidson Sportster Forty-Eight The 2013 Harley-Davidson Sportster Forty-Eight model XL1200X is one of the garage custom motorcycles in the Harley Dark Custom line. This bike cruises down the road with a 1200 cc Evolution engine - an engine with a true Harley-Davidson soul. New for 2013, the Harley-Davidson Forty-Eight model comes with optional Hard Candy Custom paint, a large metal flake paint finish that recalls the iconic styling of 1970s custom bikes, and offers blazing color showing through a deep, rich finish. The Forty-Eight model also has an authentic peanut tank which first appeared on Harley-Davidson back in 1948 (its name origin) and has been a defining Sportster feature ever since. The front end of the bike looks beefy with its fat MT90 tire. The Harley Sportster Forty-Eight model look is enhanced with the lowered front and rear suspension. Add a low seat height, and you have a serious looking motorcycle with an approachable riding stance. Take some time and look over the features of this Harley Dark Custom model, including the unique under mount motorcycle mirrors. The Harley Forty-Eight model is one of the many Harley Sportster bikes, each with a different style. Check out the Sportster XL883L model, and all the other Sportster custom bikes including the Iron 883T model. Classic Peanut Fuel Tank First appearing on a Harley-Davidson motorcycle back in 1948-and providing the inspiration for the Forty-Eight model name-the small 2.1 gallon tapered peanut fuel tank holds strong today with its traditional styling and modern attitude. A low, powerful bulldog look that gives way for showcasing more engine, the peanut fuel tank is attitude and looks all balled up into one. Evolution Engine Heritage The Evolution engine-known in certain crowds as the Blockhead-was first bolted to the frame of a Harley-Davidson motorcycle back in 1994. Born from legends,

or a Harley-Davidson motorcycle back in 1984. Born from legendary Shovelhead and Ironhead engines, the Evolution engine broke new ground in displacement innovation while maintaining the hunger for power, durability and proven reliability that The Motor Company was built on. Low Seat & Slammed Suspension The combination of a lowered front and rear suspension together with a low solo seat-just 26 inches high-provides confidence for riders of all sizes and experience. A responsive ride for whipping through town or busting out onto the interstate. Artfully Hidden Technology Harley-Davidson leverages the latest in technology without compromising style and function. That means we hide electronics. The whole wiring harness is skillfully routed behind the jewels of the bike-the tank, engine and all the other eye-popping features you want to see. It's just another way The Motor Company goes the extra mile to give its bikes that premium, top-of-the-line fit and finish. Forward-Mounted Controls With the custom forward-mounted controls on the Forty-Eight model, you can kick back a little and stretch your legs for the ultimate cruise through town or across the state line. It's time to take in the open road the way you were meant to-on a two-wheeled machine that's built to outdo the rest. - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -
