The Harley-Davidson Streetr 750 motorcycle. This is a machine built to let you shred traffic in plenty of infinitely customizable Harley-Davidsonr Dark CustomT style. Liquid-cooled engine. Quick handling. A suspension tuned for rough pavement. Fire up the blacked out engine, send some sound out the blacked out pipes, and get behind the caf racer windscreen and go. Consider the traffic whipped.Features May Include:Urban MobilityWe were all warned as kids about playing in the street. If you're the sort who never listened to a word of it, we've got your motorcycle. The street is where the action is. The Harley-Davidson Streetr series is a line of bikes built with one purpose in mind: to make the most of it. Every inch of the motorcycle has been thought through to meet the demands of navigating the urban landscape. A narrow and nimble profile with a tight 60.4-inch wheelbase keeps the handling razor sharp. Quick moves and turns come easy when you're threading through whatever modern civilization decides to throw in your path. You have liquid cooling. You have loads of power in the Revolution XT engine, just like the fenders. Then we painstakingly finish it with one of our premium paintjobs, and top it with a 3-D chrome badge. Not a decal. Fire up the engine and you hear the pure signature rumble of a Harley-Davidson V-Twin, tuned to perfection in our state-of-the-art sound facility in Wauwatosa, Wisconsin USA. In other words, there is no mistaking what the bikes in our newest family are. 100% pure Harley-Davidson motorcycle.Custom SoulFact: get yourself to a part of town where interesting things are happening and you'll see some rad custom bikes loaded with dark, aggressive style. Chances are they started life as a Harley-Davidson Streetr model. We built our newest line of bikes from the no-nonsense blacked-out wheels up to be the ultimate blank canvas for customizing. Of course, each one is also first and foremost a Harley-Davidson motorcycle, so even fresh off the line it's a lean, mean and eye-popping machine. Every inch of the up-swept two-into-one exhaust is black. The first time we've done that since the `70s, you've got a machine loaded with Dark CustomT attitude. - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -
