This 2015 Harley-Davidson SPORTSTER SUPERLOW XL883L SUPERLOW 883 features a 883cc cyl engine. The vehicle is BLACK with a BLACK interior. It is offered As-Is, extended warranty is available. - 2015 HARLEY-DAVIDSON SPORTSTER SUPERLOW XL883L - This Harley-Davidson is in Excellent overall exterior condition - 2015 Harley-Davidsonr Sportsterr SuperLowrSmooth riding suspension, comfortable cruising position and easy handling for endless miles.Features May Include:Premium Styling FeaturesThe value and quality of the confidence-inspiring SuperLowr model is unparalleled in its class. With a true Harley-Davidson rumble, premium paint and flawless chrome, this model reveals its authentic American motorcycle roots in every inch of detail.Teardrop Fuel TankThe 4.5-gallon teardrop fuel tank offers spacious fuel capacity for a low-profile tank. It's tough, iconic and it leaves a good amount of room to show off more V-Twin. The tank graphic showcases the unique styling of the SuperLowr motorcycle; as if the tank came right off the calligraphers brush.Evolutionr Engine HeritageThe Evolutionr engine-known in certain crowds as the Blockhead-was first bolted to the frame of a Harley-Davidsonr motorcycle back in 1984. Born from legendary Shovelhead and Ironhead engines, the Evolutionr engine broke new ground in displacement innovation while maintaining the hunger for power, durability and proven reliability that The Motor Company was built on.Evolutionr Engine InnovationAir-cooled and durable as hell, the 883cc Evolutionr engine is yet another nod to the unwavering work ethic that drives advancements in motor technology at Harley-Davidson. Aluminum heads and cylinders lighten the load of the bike and improve air-cooling efficiency. Electronic fuel injection says goodbye to carburetors and boasts increased reliability and less routine maintenance. Bottom line: the rubber-mounted Evolutionr engine runs hard and rides smooth for thousands of miles so you can just worry about taking in the freedom of the open road.Foundation Brake SystemLike riding itself, you can never go too far when it comes to improving a bike's brakes. This is why we gave the brake system of each Sportsterr model a complete overhaul designed to improve performance, fit and finish. We increased the size of the brake rotors from 292mm to 300mm and added a more powerful, stylized front caliper with 34mm pistons and stylized rear caliper to match. Other system features include an improved all-aluminum integrated rear master cylinder with reservoir, all-aluminum front master cylinder with reduced friction and higher efficiency, you just know. You feel more dialed in, comfortable and attuned to the road and everything around you. In designing these hand controls we went the extra mile to make sure every operation is as intuitive - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -
