<b>Mileage:</b>	1,280

This 2015 Triumph THUNDERBIRD LT ABS TRIKE THUNDERBIRD LT TRIKE features a 1699cc engine. The vehicle is BLK with a BLK/RED interior. It is offered As-Is, extended warranty is available. - 2015 TRIUMPH THUNDERBIRD LT ABS TRIKE - This Triumph is in Excellent overall exterior condition - ABS, laid-back vibe of a premium classic touring cruiser. Features May Include: Chassis You get a pair of removable leather saddle bags, auxiliary spot lamps and the World's first white-walled radial tyres riding on wide, wire-spoked rims on the new LT. The ergonomics feature a completely redesigned, reshaped seat, with deeper foam padding and lumbar support for maximum comfort, while maintaining a low seat height to accommodate all sizes of rider. Engine Striking machined fins pick out the distinctive parallel twin shape, while chrome engine covers are offset against jet-black barrels and crankcases. A pair of wide, dramatically splayed exhaust pipes dominate the LT's front three-quarter profile with their classic 'header-run' following a straight line from the throttle bodies through to the headers. Our parallel twin heritage for all to see and admire. Engine The motive force at the heart of the new Thunderbird LT is the World's largest parallel twin motorcycle engine, as found in the existing Thunderbird Storm and based on the original Thunderbird. Configuration Whether crossing continents or on a Sunday morning run, the LT's awesome engine potential is harnessed by a progressive throttle, highly accurate fuel mapping, cutting-edge sequential fuel injectors, from the top end of first gear to the bottom end of top gear, is an unrivalled ride in this class. Performance At 1699cc, the LT's eight-valve DOHC motor produces 94PS at 5400rpm and a whopping 151Nm of torque at a lowly 3550rpm. The enormous thrust from its pair of saucer-sized forged pistons and uneven, long-stroke 270° firing interval create a classic big-twin feel, perfect for propelling the you over long distances with a natural, easy-going groove. Belt Drive The Thunderbird LT has a belt drive for low maintenance and long life. Sound To match the quality of its ride, the LT's tapered tri-oval exhaust cans aren't just built to look good, they're especially tuned to give a rewarding, rich sound. Riding Position No matter what you've ridden before, you'll feel instantly at ease with the LT, yet powerful, braking under all conditions. Handling The Thunderbird LT remains true to our core value of outstanding handling in all situations. As the result of careful development work on its steering geometry, the LT is no exception and delivers light, neutral steering, it's an easy bike to ride for any rider. Wheels and Tyres Our engineers turned to British tyre manufacturer Avon with whom we jointly developed the World's first and only white-wall radial for the dramatic look of fat-section 150/80 16-inch front and 180/70 16-inch rear tyres on wire 56-spoked rims. - Contact Motorcycle Sales at 888-933-7674 or [bob@usedmotorcyclestore.com](mailto:bob@usedmotorcyclestore.com) for more information. -
