Vehicle Description

This 2016 Honda AFRICA TWIN CRF1000L DCT AFRICA TWIN CRF1000L features a 1000cc cyl engine. The vehicle is SILVER with a SILVER interior. It is offered As-Is, extended warranty is available. - 2016 HONDA AFRICA TWIN CRF1000L DCT - This Honda is in Excellent overall exterior condition - 2016 Hondar Africa Twin CRF1000L DCTFOR THE MOST AMBITIOUS ADVENTURESSome people can't help but dream big, plotting the most epic rides to all four corners of the earth. And the all-new Africa Twinr is the bike that will let you live those dreams. With a name made famous from Paris to Dakar and beyond, it has renowned reliability, the latest technology, and unsurpassed capability, allowing you to wander as far as your imagination allows.Features may include:PERFORMANCEParallel Twin Engine LayoutThe Africa Twinr's parallel-twin engine layout makes the bike shorter front-to-back. That means the front wheel can tuck in closer to the engine, shortening wheelbase and making the bike more nimble off road and on pavement.Tapered Aluminum HandlebarAnother example of fitting premium equipment to the Africa Twinr wherever we can, and is fine-tuned for optimal flex and rigidity.Tires and wheelsReal adventure bikes use spoked wheels because they better survive the dings and hits of off-road riding. The Africa Twinr uses a 21-inch front and an 18-inch rear for superior performance, especially when it comes to off-road riding.BrakesWith a pair of 310mm wave-rotor front disc brakes and a single 256mm wave disc in the rear, the Africa Twinr offers up ample stopping power in all conditions.Four-piston CalipersUp front, the Africa Twinr features twin four-piston brake calipers for powerful braking performance. The radial-mount design also helps make them stiffer, increasing brake feel and control.Unicam Engine DesignHonda's exclusive Unicamr engine design helps us give the Africa Twinr a compact cylinder head for optimal engine placement. But the engine also benefits from superior performance, thanks to the entire cylinder-head layout. It's the best of both worlds!Twin IntakesThe Africa Twinr uses a unique twin air-intake design with twin vertical filtration elements. This gives you excellent engine performance with plenty of clean air, even under dusty conditions.COMFORTRally WindscreenDeveloped from our racing experience in the Dakar Rally, the Africa Twinr's windscreen helps shield you from the wind and the elements, the clear construction gives you better visibility off road.Narrow Riding PositionAdventure riding is an active sport, and that means you need to be able to move around on your bike naturally and athletically. The Africa Twinr is extremely narrow where you sit, and the peg-bar-seat triangle lets you move up and forward and far back as well, to enhance handling, especially under demanding trail conditions.Adjustable SeatThe Africa Twinr offers an adjustable two-position rider's seat. This makes reaching the ground easier, and also lets you fine-tune your riding environment in respect to the footpeg and handlebar placement.Biaxial CounterbalanceBy using counterbalancing elements on two axes, Honda's engineers can cancel out both primary and coupling vibrations from the engine. The result is that we can mount the engine solidly for superior strength and handling, yet you still get an extraordinarily smooth, vibration-free ride.HANDLING43-degree ste - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -

Installed Options

Let us help you finance your next vehicle. Begin by clicking the "Get Approved" button above and enter your information completely before clicking submit. You can also print and fax us your completed application to 877-862-7872. *NOTE* - When filling out fields requiring a dollar amount, please enter simple numbers only without decimal point or any remaining digits. For example, if you were entering eight hundred dollars as a dollar value for any field, it should be entered as "800" (NOT \$800.00 or \$800). Only the simple expression is accepted on this form for numeric values. Please print and fax to 877-862-7872 if you have any trouble submitting this form. Our finance team will work to get you the best financing options available. Used Motorcycles And Motorcycle Parts For Sale (877) 862-7872.
