The Road Glider Ultra motorcycle combines the most wind-cheating fairing ever devised with the full complement of Harley-Davidson Project RUSHMORE touring features. You get a Tour-Pakr luggage carrier and saddlebags that open with one hand. The top of the line Project RUSHMORE infotainment system. A Twin Cooled Twin Cam 103T engine. And mind-blowingly comfortable ride for your passenger. All built around the aggressive look of the Road Glide. Call the house sitter. New for 2016, this one will roll out of the factory doors and never stop until it catches the horizon. Experience world-class aero comfort and BOOM!T Box 6.5 GT Audio in our new ultimate mile-eater. Harley-Davidson Touring bikes, infused with enhanced style, outstanding aerodynamics and optimized touring ergonomics for rider and passenger- the full influence of the customer-led Project RUSHMORE product-development effort. Propelled by the unrelenting performance of the Twin-CooledT High Output Twin Cam 103T powertrain, these motorcycles will exceed the expectations of the most demanding touring motorcyclist. 2016 Harley-Davidson Touring Road Glide Ultra www.Totalmotorcycle.com Key Features With its sleek profile and touring essentials, the all-new Road Glider Ultra model is back to let riders pile up the miles in high style. This fixed-fairing, ultra-cool bagger offers riders and their passengers the ultimate in wind protection and long-haul conveniences along with all the features of Project RUSHMORE. New model for 2016 2016 Harley-Davidson Touring Road Glide Ultra www.Totalmotorcycle.com Features and Benefits Control Project RUSHMORE started out as a way to re-think the venerable Harley-Davidson Touring motorcycle from fender tip to fender tip. It's turned into a never-ending quest. Each year the going just gets better for the riders who exist on a mission down the highway. As

better for the rider who points one of our bikes down the highway. As you might guess, a big part of the effort has gone into finding ways to help riders pass faster, stop quicker, brighter Tour-Pakr luggage carrier lighting, brighter turn signals, brighter brake lights, and a steering head with stiffer front forks. The bikes are better than ever. Project RUSHMORE control. An invitation to see how good you can be, you deserve better sound than most people have in their living rooms. More sound. Purer sound. Big, full-color touch screens. Switches that are located where you intuitively want them to be and can reach without removing your hands from the grips. Voice activation for your music, and eyes, is infinitely better. FeelStarting with the days when early riders bolted plastic windshields to their machines and began crisscrossing the country, the Harley-Davidson Touring motorcycle has already gone places no one could have imagined. We began Project RUSHMORE to discover what comes next. When it came to rider comfort, that meant getting in the saddle and putting in miles. Thousands of miles, over every sort of pavement the road could throw at us. Experiencing every sort of condition Mother Nature could throw at us. We used the info to dial in airflow, passenger space, back rests, seat textures, legroom and hand controls and anything else rider and passenger feel out there. Then hit the road to test - Contact Motorcycle Sales at 888-933-7674 or bob@usedmotorcyclestore.com for more information. -
