Vehicle Description

3 owner (all 3 knew each other) Purchased new at Central Motor Co. in Grass Valley, Ca on 10/4/1963. Original California black plate car. Excellent running 318 V8 with automatic transmission. Factory red car with 1 older respray. Showing some rust bubbles and chips from use. Red paint in the engine compartment, door jambs and trunk is original. Beautiful red interior. All gauges work including the clock. Original AM radio is not working. Power steering and brakes. Power convertible top works great. Original engine has approx. 25k since rebuild. 2nd owner preemptively pulled the drain plugs and put rust preventive on the floor of the trunk to keep from rusting.

Recent repairs include; new belts, starter, points & condenser, master cylinder, all wheel cylinders, front and rear brake hoses, rebuild distributor, rebuilt radiator, battery and cables, reseal power steering pump, front end alignment, valve adjustment, brake fluid flush, oil & filter change, inner and outer tie rod and 4 new tires with alignment (see invoices below). Runs and drives great. Make sure you check out the walk-around video.
