Drivetrain:	4 Wheel Drive
Economy:	City 11 / Highway 16

We have for sale an incredible 2012 Ford F-150 SVT Raptor SuperCrew 4x4 truck that looks and drives fantastic! This Raptor is rocking gorgeous Oxford White paint with tinted windows to give the truck a clean, private appearance, the Black Raptor Graphics Package, LED Light Bar and Fog Lights and it sits on 20-Inch Gear Wheels with satin black center and brushed stainless lip wrapped in 35" Gripper M/T tires that give this F-150 an amazing stance! The paint and body look amazing and the 2-Tone Black and Blue interior is stunning! If you like how it looks in the pictures you will fall in love with it when you come to drive it.

411-Horsepower 6.2L V8 Engine, 6-Speed Automatic transmission and fully selectable 4-Wheel Drive system! The 4x4 system has a dial to allow you to choose from 2-Wheel

Drive, 4-Wheel Drive and 4-LOW for difficult terrain or work. It also gives the driver the ability to Electronically Lock the Rear Differential. The 6.2L V8 has a ton of power and torque so it won't have any issues handling your towing needs plus the truck as a n Integrated Factory Trailer Brake Controller for a clean look that is completely integrated within the truck's brake system for smooth operation and better control when hauling heavy loads.

Off-Road Mode makes several significant changes to the truck to better suit off-road terrain. It changes shift points to keep the truck in the V8's power band (won't upshift if you briefly let off the gas), it adjusts the throttle response for difficult terrain and adjusts the ABS to provide better stopping ability on dirt or gravel. Additionally, you can fully de-activate the Traction Control to give you full control when navigating mud, sand or dirt and there is a Front Camera that is active in Off-Road Mode to give a clear view of obstacles in front of the truck!

Heated and Ventilated Seats with Factory Remote Start is amazing in this part of the country. They heat up fast and make a cold morning commute to work or class so much better and will keep you cool and dry on longer drives. The Remote Start is so nice because you can start the truck from inside your home and office so in the winter the interior will be toasty warm and during the summer you can get in to a cool, refreshing interior!

Streaming Bluetooth Audio, Satellite Radio and Aux/USB Audio Inputs ensure that you can bring all of your favorite music on the road with you! This truck has a wonderful Touchscreen Infotainment and Audio system with superb sound quality that makes listening to your favorite tunes even better. It also has AM/FM/CD Audio and Bluetooth Connection to send and receive phone calls.

Touchscreen Navigation System which provides easy to follow turn-by-turn directions and the Backup Camera automatically displays when you shift to reverse which makes parking in tight places or backing up to a trailer so much quicker and easier!

4-Door SuperCrew Cab offers a ton of interior room, especially in the back seat which can

- Console top switches -inc: hill decent, easy off road mode, aux switch pack
- Cruise control- Customer info display- Delayed accessory pwr
