<b>Mileage:</b>	7,343

## Vehicle Description

### 2019 Harley-Davidson® FXDR™ 114

MOVES YOU IN WAYS YOU'VE NEVER BEEN MOVED BEFORE

The all-new FXDR™ 114 is a feast for the eyes with performance and attitude that's off the leash. Fast on the straights. Agile in the corners. It'll blow away your senses.

Features may include:

LIVE ON THE EDGE OF THE ENVELOPE

- MILWAUKEE-EIGHT® 114 ENGINE

Loads of torque for blasting off from stoplights, hitting entrance ramps, and rolling on the passing power. Pure sound with a soul-satisfying rumble.

- MINIMAL WEIGHT FOR MAXIMUM PERFORMANCE

Designed with a number of alloy and composite components to reduce the overall weight, including an all-new aluminum swingarm and subframe. Maximizes acceleration, braking and handling performance.

- BOLD 2-INTO-1 EXHAUST

Tuned to emit a throaty rumble. Plus dramatic performance-inspired design that won't interfere with lean angle.

- RACING-STYLE FORK

Inverted race-style design, with single-cartridge technology that improves response to steering input and braking and handling performance.

- NEW AIR INTAKE

Inspired by Screamin' Eagle® NHRA drag bikes and shaped to enhance air flow to the engine. A fresh interpretation of the Heavy Breather with an exposed, forward-facing filter element.

- SOFTAIL® FRAME

A reinvented Softail® frame that gives you more agility than you ever imagined from a bike carrying this much dragster attitude.

- MONO-SHOCK REAR SUSPENSION

A single coil-over shock with emulsion technology and optimized angle between the frame and swingarm for enhanced travel and response.

- STRETCHED FUEL TANK

A sleek design that lengthens the profile of the bike to give it an aggressive look.

- MODERN TECHNOLOGIES

You get a LED Daymaker™ headlamp, LED rear lighting and LED turn signals; digital riser gauge, and a keyless ignition.
