## Vehicle Description

2015 Freightliner M2 Service Body Truck Crane Air Compressor Automatic Low Miles Cummins Most Parts To Fix it Runs & Lot Drives Salvage Title

We purchased this truck from an insurance company. Unit tipped over on the right side. Damage to side boxes, crane, hood, & cab. We have replacement cab for truck, which is included with the sale of this truck. Coolers look ok along with frame. Normally we would fix a truck like this and still plan to further down the road. Right side service body has damaged but can be repaired (most of the inner structure looks ok and is not damage). Crane needs minor parts to be functional again. Salvage Title.
