Drivetrain:	Rear Wheel Drive
Economy:	City 14 / Highway 20

We have for sale, the flagship of performance and luxury sedans! Our 2016 BMW M5 575-Horsepower V8 Super Sedan looks and drives fantastic! There is virtually nothing on the road that offers the performance, luxury and style of this BMW M5! It has beautiful Black Sapphire Metallic paint with aggressive M-Sport exterior style that sets it apart from the standard 5-Series and Blacked Out Competition Package Lightweight Forged 20-Inch Wheels that give it a great stance! We know that if you like how it looks in the pictures you will love it when you come drive it.

575-Horsepower Turbocharged 4.4L V8 under the hood, a 7-Speed Dual Clutch Transmission with Paddle Shifters means this M5 is a hoot to drive! It will rock you and 4 of your closest

drive! It will rocket you and 4 of your closest friends (also great at scaring the mother-in-law half to death) zero to 60 MPH in under 4 seconds and offers handling that will leave most sport cars in the dust!

Competition Package Upgrade includes a factory power increase to 575hp (Standard M5 has 560HP) along with a modified exhaust system with a more aggressive exhaust note and black chrome tailpipes, a specially designed suspension system that lowers the car 10mm, more responsive steering wheel and exclusive 20-Inch Lightweight Forged Alloy Wheels that set this M5 apart!

M Dynamic Suspension offers multiple suspension modes and is able to give this M5 exceptional handling ability without sacrificing your comfort! The suspension system automatically (or manually with driver selectable settings) monitors and adjusts to suit driving conditions to provide the most responsive handling, reduce body roll and provide the most comfortable ride possible!

M-Mode Button on the steering wheel is a driver customizable button that switches the M5's various dynamic driving settings including: Power Output, Adaptive Driving Settings, Dynamic Stability Control and the Head-Up Display Information! This allows you to commute to work with the M5 in comfort mode and if you find yourself needing to put a few bus lengths between you and the WRX in the lane over, just tap the "M-Mode" button and you'll have the full capability of the M5 on tap!

Navigation with 360° Surround View Camera System. The navigation is very easy to use. It gives you turn-by-turn directions which makes road trips or driving in an unfamiliar city much less stressful and the rear-view camera automatically displays when you shift to reverse and in combination with the Front and Rear Park Distance Control Sensors you will be able to parallel park on a busy street like a boss.

Streaming Bluetooth Audio, a Built-In Music Storage Hard Drive and Satellite Radio are all part of the 16-Speaker Bang & Olufsen Audio System! The sound quality is crisp and clear which makes listening to your favorite music even more enjoyable! It also offers AM/FM/CD Audio, Aux and USB Inputs and has Bluetooth

Connection available to sync your phonebook to send and receive phone calls without distraction!

20-Way M Multi-Contour Heated and Ventilated Front Seats, Heated Rear Seats and a Heated Steering Wheel are all phenomenal in every way possible! These seats are power adjustable in every way you can think of and have oversized side bolsters that feel like they wrap around you and hug you in place and the heated seat option is amazing in this part of the country.

Adaptive Full LED Head Lights with Automatic High Beams are able to light up the road and provide incredible visibility while driving at dusk and through the night and they won't blind the on-coming vehicles either! The Automatic High Beams detect when a vehicle is approaching and will switch to low beams without any input from the driver!

Active Blind Spot Detection, Active Driving Assistant, Lane Departure Warning, Forward Collision Warning, Pedestrian Warning and City Collision Mitigation are all part of the Driver Assistance Plus Package and they combine to give the driver every advantage possible in avoiding a collision!

Automatic Power Close Doors, 4-Zone Automatic Climate Controls that provide separate temperature adjustments for the front and rear seat passengers, Power Rear Sunshade and Side Window Shades reduce glare and protect little ones from harsh sun light are all part of the Executive Package (which also includes some options listed above)!

To make sure this BMW M5 runs and drives perfectly, it has been completely inspected and certified to be sold. The inspection process is very thorough and all of the car's systems, fluids, electrical, brakes, tires, suspension, engine and drivetrain are inspected so there are absolutely no surprises when you come to drive this M5! If you have any questions or you want to discuss a possible trade, please call anytime at (715) 833-2020.
