For information or to schedule a test drive call 901-368-5505.

Awards:

* ALG Residual Value Awards

Reviews:

* The Mercedes-Benz CLA boasts two primary selling points: premium looks and a surprisingly accessible price of entry. Sure, it's not an elegant, proportional masterpiece like its upmarket sibling the CLS, but this chip off the block is still arguably sexier than virtually all of its competitors. Source: KBB.com

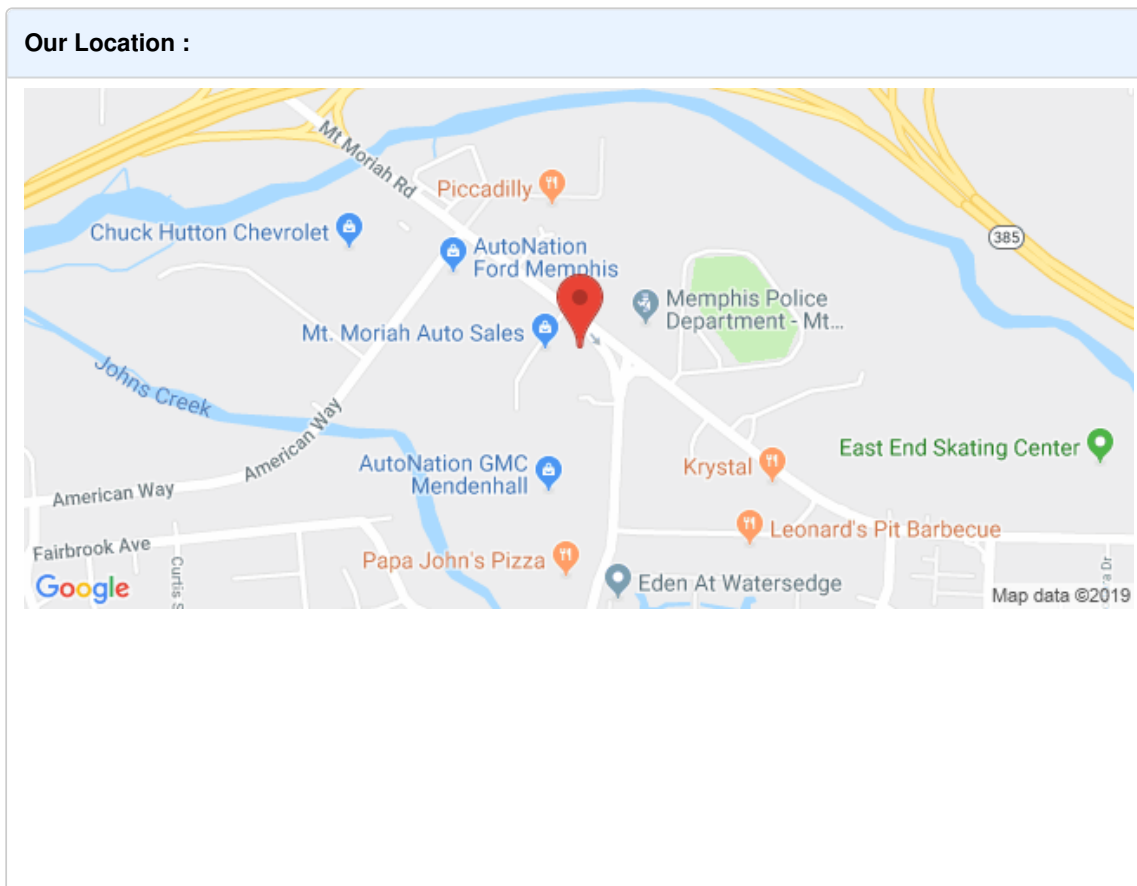

* Luxury-car quality and status for a relatively low price; commendable power and handling; premium interior materials; fiery performance from AMG model. Source: Edmunds

* The Concept Style Coupe set the auto show circuit abuzz with its dramatic 4-door coupe design and athletic presence. Showgoers only had one request: Build it. The CLA has brought an international sensation to fruition with nothing lost in translation, from its diamond-block grille to its frameless door glass to its sweeping taillamps. Simply put, The CLA is designed to capture glances, not get caught by the passing air. Its coefficient of drag is among the lowest not just in its class but the entire industry, cutting fuel consumption and wind noise. Beyond its incredibly low drag, expert airflow management enhances roadholding, stability and even poor-weather visibility. The price

leadership of the CLA takes nothing away from every other aspect of leadership that comes with the Three-Pointed Star. From the winglike dash and tablet-style color screen, to its high-back power front sport seats with memory, to its available Panorama glass roof and multimedia systems, it's a cabin that puts you ahead of the crowd. Under the hood of the CLA is a new era of performance. With two options, a 208hp 2.0L turbo engine or 355hp 2.0L exclusively in the CLA-45 with a 0-60 of 4.5 secs. A tablet style central screen teams with the elegant central controller to put a world of entertainment and navigation options within easy reach and clear view. Its vivid high resolution color displays adapt to ambient light. Audio and entertainment features start with standard Bluetooth hands free calling and wireless audio streaming, plus a USB port and HD Radio stations. Options range from a Media Interface for your iPod to SiriusXM Radio to harman/kardon surround sound, as well as a clever accessory to integrate entertainment, navigation and social media apps on your iPhone. Navigation options include the 80GB hard-drive-based COMAND system or an integrated plug in accessory. Both feature advanced voice control. Source: The Manufacturer Summary
