Instant Attitude Adjustment. If you really want totally custom but would rather ride than wrench, have a look at the 2015 Yamaha Raider by Star Motorcycles. It truly is the ultimate marriage of cruiser styling and total performance. Its 113 cubic inch fuel injected V-Twin engine takes a back seat to no V-Twin when it comes to power and reliability. And the rest of the chopper inspired Raider is pure Star quality, designed and engineered by the world's best bike builders.

You are looking at a special generation of custom cruisers. A breed that stands apart. Check out the incredible attention to detail.

From front to back, the Raider is loaded with "custom" inspired parts. Stretched out fork, fat rear tire, low seat and an aggressive, slammed riding position. The Raider features more black parts than the S version. The Raider not only looks good... it offers an incredible riding experience too.
