At Cotroneo Auto Group we take pride in offering the highest of standards in pre-owned luxury vehicles. Understanding how the internet has changed the automotive industry and recognizing that there are many First Time Buyers in the market place our goal is to establish a level of confidence with each and every one of our clients. The technique in which our car buying selection is made is a very detailed and organized process.

First, our journey begins with us hand selecting the finest of quality, highest equipment, and the most popular colored vehicles. Second, understanding that the majority of our inventory still retains the balance of the manufactures factory warranty we still carefully examine our vehicles, checking all of the fluids (change if necessary), measure all tire wear and pressure, and inspect all components to make sure they are all in proper working order.(i.e. operation of all power window, door locks, radio, navigation {if equipped}, sunroof {if equipped}, and that no warning lights are illuminated on the instrumentation panel, A/C and heat etc.). Third, our vehicles are then handled by the best reconditioning vendors in the area performing any cosmetic needs (i.e. touch up, paintless dent repair and wheel repair from any unsightly curb

rash). Fourth, we then professionally detail the vehicle in our State of the Art detail department that encompasses over 35 years of experience. Lastly, we professionally photograph all of our vehicles. Every vehicle is photographed outdoors in natural light with high resolution camera equipment in which produces a true representation. We then utilize our Pricing Analytics Tool in our operating software allowing us to offer a grade A vehicle, at a fair price resulting in total client satisfaction.

eBay users, whether you are a first time buyer or a seasoned expert, we invite you when visiting one of our listings to take a minute and review our 100% feedback rating. Our clients have expressed true satisfaction with their buying experience. This is a true testament to our professional staff, operation, facility and client approval.

eBay has several formats in which you can list an item for sale, one being the traditional auction bid format, with or without a reserve, and the other being simply a Buy it Now format, which is a non-auction format. Our eBay sales history supports the Buy it Now format. We invite you to contact us with any questions relative to the format in which we list our vehicles. Knowing and understanding our commitment to both eBay and our clients you can purchase your next vehicle with a company that you can trust.

80% of our vehicles are sold BEFORE the listing ends!
