### Reviews:

\* If you want to stand out with a fresh entrant in the compact luxury sedan or coupe segment, the 2015 Cadillac ATS enables that while still wearing a revered American badge. The ATS also differentiates itself with its angular (some may say edgy) exterior design. Source: KBB.com

\* Excellent handling; fun-to-drive character; cutting-edge interior design. Source: Edmunds

\* Athletic and expressive, the Cadillac ATS exquisitely fuses form with function. Besides giving it a bold, distinctive appearance, its taut lines allow the ATS to slice through the air, while brilliant details like the available illuminating door handles add sophistication. New for 2015 is the inclusion of a sleek coupe model. The available vertical headlamps with LED light signatures are as brilliantly designed as they are just plain brilliant. Available leather seating surfaces come in an array of rich colors complete with French stitching and are finely accented by distinct interior themes. Complementing the athletic nature of the ATS, available bolstered performance seats with thigh extenders are remarkably comfortable and help keep you firmly planted during spirited driving. The available heated front seats and steering wheel is the perfect antidote for a cold winter morning. Choose from two engines, the powerful and efficient 2.0L turbo that delivers an impressive 272 HP or the award-winning 3.6L V6 engine that boasts 321 HP. On the Sedan a third option is available in the form of a 2.5L engine. The available Tremec 6-speed manual transmission was designed exclusively for the ATS and is available on the 2.0L turbo engine with RWD. AWD is also available an available option. With the ability to use multitouch gestures like tap, swipe, and pinch, the available CUE is as easy to use as a smartphone or tablet. Find a song, make a call, input destinations through the available navigation system, and more through voice recognition. Using a combination of radar and vision-sensing technology, available full-speed-range Adaptive Cruise Control maintains a selectable preset distance between you and the vehicle in front of you. Source: The Manufacturer Summary

## Our Location :

2015 Cadillac ATS Coupe Premium RWD
