Vehicle Description

1994 Bentley Continental R, Super Clean! Only 33,000 miles!

This Bentley is stunning! It has been treated to a complete paint job at a specialty shop here in Los Angeles (in the original color) The interior has also been completely redone in the original leather material. With only 33,000 original miles, this Continental R looks and drives great.

Recently serviced, all operating systems are in good working order. The 6.75 liter V8 is turbo charged and puts out 360 HP. Quite a good number in it's day, providing excellent acceleration and top end, in a full size vehicle.

This Continental R was produced in England when Rolls Royce and Bentley were still together as a manufacturer of classic automobiles. As nice examples of these magnificent automobiles continue to become more scarce, investment grade quality cars such as this will continue to appreciate.
