With its impressive power, versatile design, and its

With its impressive power, versatile design, and its amazing handling, this is your chance to own this 2018 Ford E450 Cutaway Van! This is a local, one owner, perfect carfax, non-smokers Truck/Van that runs and drives perfect, and looks even better! This one owner is basically a NEW one, it was bought along with 3 other trucks just like it by a company here in Arkansas, they got a great Government contract and thought they needed 4 of these trucks to handle it, once they got going they realized they could do it with 3 trucks instead of 4, so they traded this one in on a new SUV for the owner of the company to drive, they paid right at \$60,000 for this truck new, and it only has 2k miles, basically it has never been used, the miles are getting it here from the company they bought it from, so let their loss be your gain, this body conversion was done by Aerocell which is rated the best in the business, and to be able to find this one owner, with a perfect carfax, only 2k miles, in "new" condition, this cheap is a deal, and keep in mind i dont charge anything extra, no doc or dealer fee's, nothing!
