2012 Harley-Davidson® Softail® Deluxe

The 2012 Harley-Davidson® Softail® Deluxe FLSTN is a motorcycle cruiser with authentic Harley® style. The Harley® fenders on the Softail® Deluxe are true retro style with their long lines and chrome Harley® fender tips. And each fender says Deluxe so everyone will know how you roll. The Harley® Softail® Deluxe has a wide front end fork and gorgeous 7 inch ball motorcycle headlamp. White wall tires give this motorcycle cruiser a 1950s boulevard retro motorcycle look. New for 2012, the Harley® Softail® Deluxe features a powerful, new, larger air-cooled Twin Cam 103™ Harley® engine with 6 speed cruise drive transmission, providing more performance power for passing, hill-climbing, and riding with passenger and luggage. Hit the boulevard in style with this classic two up FLSTN Softail® Deluxe seat. At a lowdown 24.5 inches, it's among the lowest seat heights you'll find. And we've added some ergonomics to make riding solo or duo even easier, especially for riders with a shorter inseam. 'Collapsing' sides create a narrow seat profile, and the passenger seat pillion is detachable.

Features may include:

- STRETCHED OLD-SCHOOL FENDERS

These vintage, full fenders do a lot more than keep the mud off your neck. They give your Deluxe its distinctive Softail® lines and cruising profile. You get tasty chrome front and back fender tips, tapered chrome struts in back and a big canvas for custom paint. And plenty of room to personalize further with your own custom rails, skirts and tips.

- OLD-SCHOOL HARDTAIL LOOK

The Softail® Deluxe model keeps it classy while bringing some fat custom style of its own. Just check out the chopsticks up front—fat front fork behind the huge, 7-inch ball headlamp. The handlebars are thick stainless steel with chrome pullback risers for easy reaching. It's old-school Softail® style that's still fat and formidable up front.

- WHITEWALL TIRES

One of the defining styling features of the Softail® Deluxe model is the nostalgic wide whitewall tires with premium laced wheels. A nod to the

'50s boulevard look, these fat rubber rollers are just the right throwback detail from Harley-Davidson® that ups the ante in any scene. Total old-school styling without sacrificing handling or performance.

- TOMBSTONE TAILLIGHT

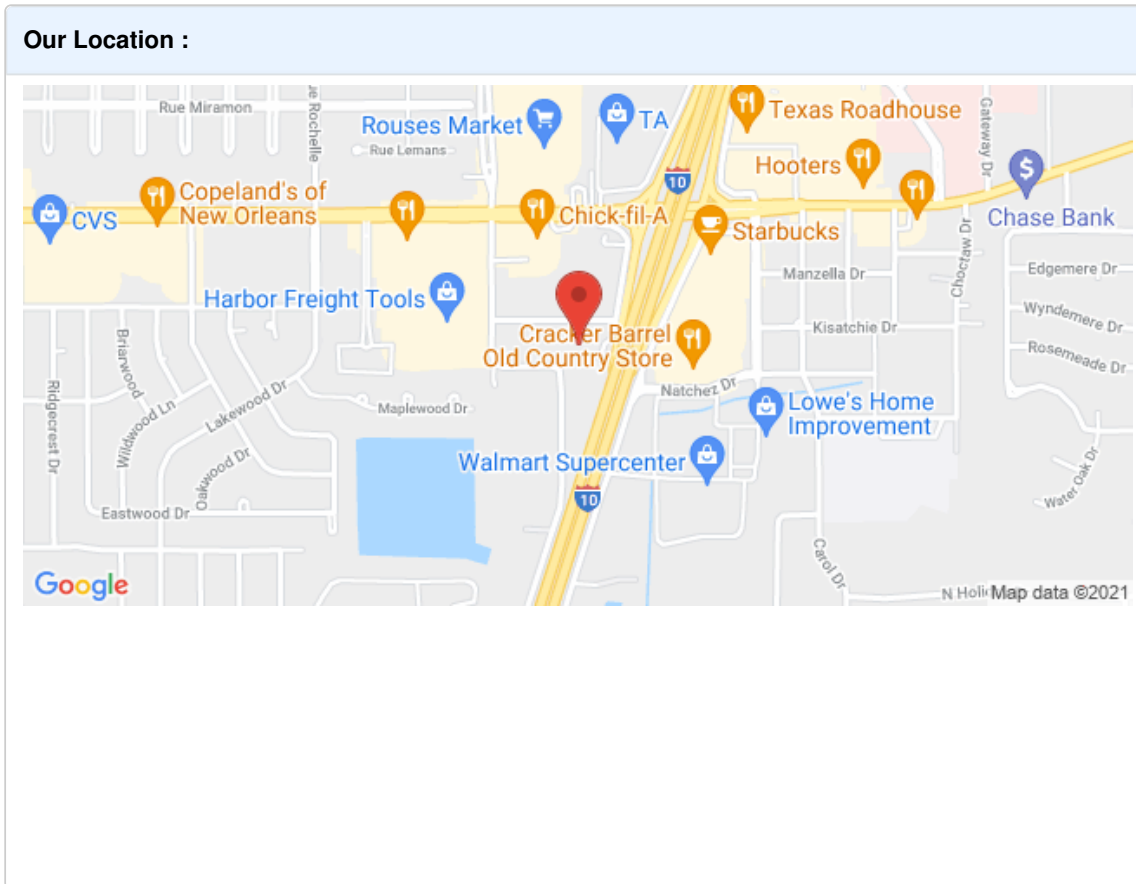

A vintage classic. The chrome, low profile taillight housing lays back against the fender but shines with Harley-Davidson® history. Flanked by our sleek silver bullet turn signals, that glowing red gravestone is the last thing they'll see as you pull away into the night.

- TANK-MOUNTED CONSOLE

A big, bold speedometer and odometer display, along with an ancillary display for gear and rpm, offer up the information you need on the fly.
