Vehicle Description

AutoPark Dallas is thrilled to offer you this 1996 Nissan 300ZX for sale! A blast from the Nissan past, the 300ZX was the aspired child of DATSUN's 240zx and for its time showed new innovations to what engines could do. The American version of the 300zx was a solid iron block V6 that was equipped with Variable Value Timing, which is nothing new to us now-a-days, but back then that was big deal as it gave extra torque at lower speeds. At a stock 222 horses, the US 300zx showed that old historical style could still keep up and there were plenty of modifications that you could slap on to get those horses really kickin! If your a fan of the 300zx or looking for a cool piece of history, then stop by to check our this Nissan 300zx parked in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Performance / Modified and Luxury cars!
