Vehicle Description

2005 MINI Cooper S, 6 Speed Manual, Supercharged, California Car, Super Clean!

Who says fun to drive, great performance, and excellent gas mileage can't go hand in hand!

When the New MINI was introduced by BMW in 2002 there was some doubt as to whether a small car could be successful in United States. The MINI Cooper has been successful beyond anyone's (including BMW's) imagination! When introduced there was a waiting list for the cars and many sold at over sticker price. With its unique looks inside and out, strong performance, and handling, and great fuel economy, the MINI has been a resounding success in this country.

All of the MINI's (with their BMW roots!) provide the crisp performance and handling that the MINI's are known for.

Our featured MINI's paint still has a new car luster. The (smoke free interior) recently redone, is in excellent as well.

Recently serviced, this MINI runs great! The S model with it's supercharged engine and 6 speed manual transmission really moves!

The MINI provides the practicality of a fold down rear seat which provides plenty of room for your gear.

This MINI really lives up to MINI's (and BMW's) reputation of being a premium brand with amenities (such as the panoramic sunroof) found in many luxury cars. Add in the fun quotient of driving the MINI along with the great gas mileage, a well optioned car, in a great color combination, and you can see why the MINI's have been so popular.

The MINI is blue tooth ready. A blue tooth pairing device device was added so you can talk on your cell phone or stream music directly through the cars speakers. The wheels and tires are brand new as well. Optional Xenon lighting really lights up the road.

We often close our auctions early with a phone call. We can also assist with any of your shipping requirements.

Thanks for your interest. Please call Jim at: 818-648-5223 with any questions.

At our dealership, we strive to accurately describe our vehicles through text descriptions and elaborate photos. When you purchase a pre-owned vehicle it is not a new vehicle. Any used vehicle can have normal wear and blemishes. Before placing a bid please read the descriptions thoroughly and view all pictures.
