Additional pictures are available on I-95 Muscle's direct website.

2004 sparked joy into Pontiac fans as the brand reintroduced the GTO and gave buyers a new 2 door V8 option that went missing when the Trans Am and Camaro were discontinued in 2002. Only offered fully loaded, these cars came with leather front and back seats, a 5.7L LS1 V8, 4 Speed Automatic (or 6 speed manual) transmissions, and creative color combos. This is one of the hardest to find (1 of 369 Automatic Impulse Blue Metallic with Blue leather) as only 2.34% of GTO's were produced this way. This car is all original aside from a catback exhaust, making it even more of a rarity as GTO owners love to modify their rides. It is in truly great shape inside and out, as it should be with less than 27,000 miles on it. Trades are welcome and financing is available, so call or click today!
