Classbenz presents its premium sports car.

The Mercedes SL line of sports cars wrote the book on premium sports cars. This 2003 SL500 is a remarkable road machine. This SL can devour hundreds of miles at a time keeping its lucky occupants in supreme comfort, as only Mercedes can do. Besides the luxury aspect, the SL is a very capable sports car. The 5-litre 24 valve V8 generates a respectable 302HP. Coupled to a six speed automatic, this powerplant provides brisk acceleration in any gear. With this performance, the car returns a surprising 24 mpg on the highway. The SL's multilink fully independent suspension provides the SL500 handling which translates to a delight to drive when the road starts to curve. Of course, the braking and safety systems are up to Mercedes world class standards. The power folding hardtop allows top down motoring at its best and snug comfort in any weather with the top up.

The SL500 comes loaded with factory options. There are a few extra standout options on this car.

**Bi Xenon Lights**

**Factory Navigation System**

**Premium Bose Sound System**

With only 97,000 miles, (approx 5700 miles per year) our featured SL500 is in excellent condition. Recently serviced at a local Mercedes Benz independent mechanic, all operating systems are in good working order. The exterior is still showing a new car luster free from any significant dings or scratches. The leather (smoke free) interior is in good shape as

well. This car had a new car sticker price of close to \$92,000. Here is a great opportunity to own a low mileage SL in the very best color combination and with all of the right options. The SL500 provides the perfect blend of comfort, driving pleasure and entertainment. This SL will allow the the new owner to enjoy this magnificent combination for many years to come.
