We are proud to offer you this LOW MILEAGE 2003 Ford F-150 SVT Lightning for sale!

This 2003 Ford F-150 SVT Lightning is one of three meticulously-maintained, low-mileage examples of this exciting truck in our inventory. Equipped with a Ford-engineered supercharged 5.4-liter Triton V8 that produces 380 horsepower and 450 lb-ft. of torque, the SVT Lightning is the unparalleled king of turn-of-the-century truck performance. This fantastic engine, paired with a four-speed automatic transmission, makes for one of the most exciting street performance trucks of all time. However, this SVT Lightning also has only 34,400 miles, making it one of the lowest-mileage examples of this truck on the market today, as well as an extremely rare, mint-condition automotive collectible. The interior is no less exciting than the rest of the truck, and it comes with SVT-stitched sport seats, a unique white instrument panel and gauge cluster, an aftermarket infotainment display screen, and color-keyed interior trimmings that complete the image of what can only be described as an unbeatable street truck.

To us, what's outside the truck is just as important as what's inside it, and this stunning example of the SVT Lightning is no exception. This specific F-150 comes standard with a short cab, step side short bed platform for maximum lightness as well as incredibly good looks. Additionally, the SVT is equipped with throaty, heavily tuned dual side-exit exhausts that make for one of the most entertaining features on the truck. Ford has also lowered the truck on SVT front suspension and balanced rear leaf springs to maximize the stability and handling performance of the vehicle, although another benefit of this decision is that it looks absolutely breathtaking. All three of our

F-150 SVT Lightnings have been finished in the iconic Bright Red that perfectly suits the nature of the truck, and it comes equipped with star-pattern, five-spoke 18" cast aluminum wheels that only add to the recognizability of this legendary piece of automotive performance.

LIST OF FEATURES & UPGRADES:

Supercharged 5.4-Liter Triton V8 Engine

4-Speed Automatic Transmission

18" 5-Spoke Cast Aluminum SVT Wheels

Flowmaster Tuned Side Exit Dual Exhaust

SVT Front Coils / Rear Leaf Springs

Stabilizer Bars

Forged Front Axle

SVT-Stitched Seats

Unique White Instrumentation Panel / Gauge
Cluster

Aftermarket Infotainment Display Screen

And Much More!

This rare piece of American brilliance is one of few of the remaining mint-condition SVT Lightnings. As such, this extremely low mileage (only 34,400 miles!) Ford F-150 SVT Lightning is the perfect truck to take home today!
