California car! Clean and excellent running convertible Mustang. The current owner bought the car in 1992 from the second owner. The 289 had already been replaced with a 302 prior to her purchasing the car. She had the 302 rebuilt as well as the C4 dual-range automatic and has put on approx. 1,200 miles since. Manual brakes and steering. There was also a Holley 4 bbl added.

The car was originally sauterne gold but was repainted in red approx 30 years ago. The paint as well as all of the chrome, stainless, etc. has held up exceptionally well. Original body panels.

The Pony interior is original with the exception of the carpet and drivers seat cover. She added the Rally-pac but the tach is currently not working. Power convertible top is in excellent condition and works great. Original AM radio works. Original tools and bag in the trunk.

GT wheels were added. Recent work includes new brakes, springs, and rebuilt stock front end. Runs and drives excellent. Only leaving her longtime ownership because she is not using it enough. Clean California title in-hand.
