Great roadster. Blue with black interior. 4 cyl with a 4 speed manual transmission. Purchased by the current owner as an unfinished restoration project last year. He took it to a local foreign car shop and had it gone through to get it driveable. He finished the majority of the unfinished items that included a new fuel tank, rebuilt fuel sender, clutch + hydraulics, complete brake overhaul, thermostat and housing and more. The ignition was also upgraded to a Pertronix electronic unit for reliability. This servicing cost \$8,800 (invoices in the photos). There are still a couple of things that need finishing like the headlights are not working.

The car runs and drives fine. Clean California title.
