We are proud to offer you this 2010 BMW M3
with Upgrades for sale!

This superb 2010 BMW M3 is one of the most important European vehicles ever produced, continuing BMW's lineage of high-powered sports saloons with extreme power and incredible driving quality. Equipped with a 4.0-liter V8 engine that produces a raw 414 horsepower and 295 lb-ft. of torque, this car is widely recognized as a track-ready performance sedan known for its quick handling and huge output. With power being put down by its rear-wheel drive system, the BMW M3 can be best described as "exuberant", making it one of the most exhilarating cars to drive without adding modifications. The M3 is extremely well-built, to the point that drivers never have to worry about shortcomings in any part of the car. This specific M3 has received a full interior treatment as well, including heated leather seats, a premium surround-sound speaker system, and a multifunction infotainment display with navigation.

To us, what's outside the car is just as important as what's inside it, and this exciting BMW M3 is no exception to this rule. This M3 has been fitted with aftermarket 19" alloy wheels on Nankang all-season tires and is painted in a brilliant Alpine White, making the car look just as high-performance as it truly is. This German street beast seems to ignore the laws of physics, going above and beyond to attain performance statistics that appear to be outside the reach of science. Yet, this sedan is smooth and calm on the roads, making it ideal as a fun daily driver or an exciting weekend car. Simply put, there is no

limit to the amount of high-performance fun that can be had behind the wheel of this BMW M3!

LIST OF FEATURES & UPGRADES:

4.0-Liter V8

7-Speed M-Performance Double-Clutch
Transmission

Transmission

Aftermarket 19" Alloy Wheels
