Vehicle Description

AutoPark Dallas is thrilled to offer you this Lowered 2009 INFINITI G37 sitting on DPE Wheels for sale! Introduced to the United States back in 2002, the popularity of these Japanese born sport luxury coupes made it not just another vehicle in the automotive market. The G-Series was insanely well-made and the provided amazing performance while not being overly priced like most of INFINITI's German competitors. Our INFINITI G37 we have here at APD is considered the Second Generation, which provides the new VQ37VHR Engine (which brought about its name) and newer technology that we are used to today! The cherry on top of this INFINITI G37 Coupe Sport though is the fact its a RARE 6-Speed manual, has an IPL Front Bumper to give a new look, and lowered on springs with DPE Wheels!!! Don't hesitate to swing on by and check out this INFINITI G37 parked in our indoor 16,000 Sq Ft Showroom located in Dallas , Texas amongst our inventory of 100+ other Performance / Modified and Luxury cars!
