We are proud to offer you this 2011 Cadillac
CTS-V Cammed Built Motor with Many
Upgrades for sale!

This 2011 Cadillac CTS-V is an American muscle car that seamlessly blends performance and luxury. Under the hood, an LSA-supercharged 6.2-liter V8 engine produces 556 horsepower and 551 lb-ft of torque, all of which is sent through a six-speed automatic transmission to the rear wheels. The engine is not stock, however, having received a BTR PDS Stage III camshaft, a BTR .660" lift spring kit, 7.400" chromoly pushrods, an ARP head stud kit, a BTR trunnion kit, a DSX flex-fuel kit, and a 3.0" StainlessWorks cat-back exhaust system, among many other modifications. This aggressive coupe comes equipped with 17" Forgestar Performance rear wheels wrapped in Mickey Thompson ET Street tires. The fronts remain OEM 19" Cadillac wheels, and the exterior is finished in White Diamond Tricoat. In the interior, this CTS-V offers heated and ventilated leather bucket seats, multi-zone A/C, wood interior trim pieces, selectable drive modes, and an infotainment system with Bluetooth, navigation, phone connectivity, CD, AM/FM radio, and AUX, truly making this car the complete package.
