<b>Drivetrain:</b>	Rear Wheel Drive

## Vehicle Description

Just in! 2 owner California Beetle. Purchased by the current owner from the original owner approx. 10 years ago. The car was an unfinished restoration that the original owner started 22 years ago and never finished. The paint was done and the engine was in the car and that was about it. The current owners finished the car off by rebuilding the suspension, brake system and redoing the interior including adding sound deadening to all interior panels. Original pan has no rust or patches. No rust in the body or fenders. Original 6V electrical. From the engine number it appears to be a 1956 engine. Runs great. Priced to sell.
