We are proud to offer you this 2018 Chevrolet Camaro ZL1 1LE EXTREME TRACK PERFORMANCE PACKAGE for sale!

This 2018 Chevrolet Camaro ZL1 1LE is part of the second generation of the reborn iconic American muscle car. Powered by a supercharged, direct-injection 6.2-liter V8 engine that produces 650 horsepower and 650 lb-ft. of torque, there is no doubt that this muscle car performs exactly as it should: like an authentic muscle car. This ZL1 also has performance headers, a performance intake, and a fuel injection system for maximum fuel delivery to make this high performance engine even more incredible. This powerful engine is mated to a six-speed manual transmission that provides every bit of the authentic American muscle car driving experience, and the rear-wheel drive layout for power delivery makes this Camaro incredibly exhilarating to drive on the road, on the drag strip, and everywhere else imaginable. Better yet, this Camaro comes equipped with an aftermarket MBRP quad-tip exhaust that produces a fantastic rumbling note that, like the rest of the car, draws the attention of enthusiasts and not alike. Inside, Recaro race seats, a bevy of alcantara interior panels, and a touchscreen infotainment display with navigation, Bluetooth, and a rear camera make up only a small fraction of the amenities contained within this car!

To us, what's outside the car is just as important as what's inside it, and this aggressive Camaro ZL1 is no exception to this rule. This authentic muscle car comes equipped with aftermarket 20" alloy wheels on Bridgestone street radials and is finished in a striking black, an attention-getting and exciting color that matches the

personality of the rest of the car. And, with its aggressive stance on performance suspension, the car is based on the image of the original muscle car that gave the Camaro name its fame and recognition as an American

name its fame and recognition as an American icon. There are several modern twists to its styling, however, including LED headlights that pay homage to the design of the original Camaro, wider profiling and fenders to improve the stance of the car, and an aggressive aero kit that puts every Camaro of past generations to shame.

LIST OF FEATURES & UPGRADES:

6.2-Liter Supercharged V8 Engine
