This utility sized auger will bore holes of 6", 9" or 12" diameter up to 45" deep. Strong and durable construction makes digging post holes for fence posts, or any number of other uses fast and easy. Our shear bolt driveline protection helps prevent equipment damage when unexpectedly contacting an immovable object.

Our unit can operate on a variety of tractors within the 25 to 65 horsepower range. Compatible with most Cat 1 and 2 three-point tractor hitches. The steel auger has replaceable, bolt-on cutting edges to maintain productive boring speeds throughout the life of the post hole digger.
